Message from the President

Summer is finally here. Car show season is ramping up. Three of our Pushrod events are past us for this year. Our Tractor Supply show was a nice get together for the start of the rodding year. Stress free and no worries.

Next up is our first annual cruise into Seabrook on Saturday, June 15th. All cars going from Aberdeen/Hoquiam direction will meet at the Olympic Stadium in Hoquiam between 10 and 10:30 am that morning. We will then caravan out to Seabrook as a group to arrive at Seabrook at 11 am. We will park on Main St. The event is supposed to last 4 hours, meaning we leave out of there at 3 pm.

The BIG exciting news this month for the City of Hoquiam and the Pushrods of Hoquiam is the new sign welcoming people to Hoquiam, home of the PUSHRODS of HOQUIAM since 1953. The sign has been a long time idea of our member Fred Scott. He finally took the bull by the horns and designed, commissioned and donated this sign to the city and a permanent tribute to the Pushrods.

Thank you, Fred Scott.

Joke Corner

The other day at the gas station I saw a Blonde putting oil in her car. I couldn't help it, but started laughing hysterically. The blonde looked at me, which made me laugh all the harder. She asked me what I was laughing at. I told her that you're not supposed to pour the oil down the dip stick tube. She said: "I always wondered how come it took so long to put oil in the car."

I was in a bar the other day, when a girl asked me: "What do you do?" I responded: "I race cars." Screeching with excitement, she shot back: "Do you win many races!?" I sighed: "No, the cars are much faster."

"I went to a drag race last Saturday. I still can't believe the guy in high heels won."

At the bar the other night, a blonde told me: "I thought R stands for Racing. At least that's what I thought before shifting the gear on my car to R at 120 mph."

"I'm thinking about getting into drag racing. It looks pretty straight forward."

"I couldn't work out how to fasten my seat belt. But then it clicked."

What's a race car's favorite thing to eat for lunch?

Fast food!

Shopping at Costco or Sam's club is like driving a race car.

You go from \$0 to \$200 in a matter of seconds.

Why did the electric car finish the race early?

It had a short circuit.

What do you get when dinosaurs crash their cars?

Tyrannosaurus wrecks.

What do parents give their baby if they want them to become a future race car driver?

Formula One.
